Arbour Day, on Friday, May 12th.

Mr. J. Naismith, Sr., who spent the week-end in town, left for Red Deer yesterday.

Mr. Reg. Balfour, of the Sawyer-Massey Co., was a business visitor in town last Thursday.

We are informed that the Oyen Band will re-commence Sunday practices on the 21st. inst. All members of the talented organization express themselves eager to get back to work again, and practices should go with a swing in consequence. Bandmaster Burkholder will again be in charge.

Miss Betty Williams of Calgary, who was a visitor at Mrs. W. C. Hoskins, since Easter, returned to her home last Thursday.

Miss T. Taylor, who left for Calgary last Thursday, to meet her brother, returned to town last Sunday morning.

The Oyen tennis club for 1916 has been organized, and the work of preparing two courts is well under way. The members anticipate having "a field day" next Friday (Arbour Day) when they will erect the wire netting around the courts.

Celebration of Holy Mass will be held in the Sacred Heart Church on the first and third Sundays of each month.

Mr. J. W. Crockett, Jeweller and Optician, who has in the past visited Oyen every Tuesday, will become a permanent resident of our town next Tuesday. He has made arrangements for office accommodation which he expects will be ready for occupation in about two weeks time.

Activity at Verdun Decreased

Activity on the Verdun front has decreased, according to a statement given out by the war office to-day. Artillery action west of the Meuse was less pronounced and east of the river was only intermittent. An attack on the French trenches between the Oise and the Aisne was repulsed. The text of the statement says:

"Between the Oise and the Aisne a coup de main upon one of our trenches south-east of Montlaine-sous-Touvent was completely checked.

"In the Verdun region the bombardment west of the Meuse noticeably diminished. East of the Meuse and in the Woëvre region there was intermittent cannonading.

"Hand-grenade skirmishes were reported during the night in Avocourt wood and south of Fort Daumesnil.

"In upper Alsace an enemy reconnoitering party which attempted to seize one of our small post near Hirsbach, south of Altkirch, was repulsed with losses."

Married Englishmen With Residence In Great Britain at Present Abroad, Recalled

All married Englishmen, eligible for military service, who are living abroad, but who ordinarily are residents of Great Britain, must return to England forthwith and report for military duty. This announcement was made in the House of Commons by Sir George Cave, the Solicitor-General.

Mr. and Mrs. Wm. McLeod of Bathfleur have moved on to their homestead north of Excal.

Production and Thrift

"GAIN or no gain the cause before the farmers of Canada is as clear as it was last year—they must produce abundantly in order to meet the demands that may be made, and I believe this to be especially true in regard to live stock, the supply of which must be particularly stressed in this vast struggle."—JON. J. MARTIN BURELL, Minister of Agriculture.

THE FOLLOWING STATEMENTS ARE BASED ON REPORTS CONTAINED IN "THE AGRICULTURAL WAR BOOK, 1916," PUBLISHED BY THE DEPARTMENT OF AGRICULTURE, OTTAWA, O.C.T.

LIVE STOCK—The last year's stocks of Europe have been greatly reduced. When the war is over there will be a great demand for breeding stock. Canadian farmers should keep this in mind.

MEATS—In 1915 Great Britain imported 1,024,593 tons of beef, mutton and lamb, of which 904,245 tons came from without the Empire. Out of 430,420 tons of beef, only 104,907 tons came from within the Empire.

The demand for the Allies for frozen beef, canned beef, bacon and ham will increase rather than diminish. Orders are coming to Canada. The demand to secure space available will give Canada an advantage if we have the supplies.

DAIRYING—Home consumption of milk, butter and cheese has increased of late years. The war demands for cheese have been unlimited. Canadian cheese exports from Montreal in 1915 were nearly \$6,500,000 over 1914. Prices at Montreal—Cheese: January 1915, 1914 to 17 cents; January 1915, 1914 to 1915 cents. Butter: January 1915, 24 to 26 1/2 cents; January 1916, 32 to 33 cents.

EGGS—Canada produced \$20,000,000 worth of eggs in 1915 and helped out Great Britain in the shortage. Sluggish as well as producers have a duty and an opportunity in adding a place in that market.

WRITE TO THE DOMINION DEPARTMENT OF AGRICULTURE AND TO YOUR PROVINCIAL DEPARTMENT FOR BULLETINS ON THESE SUBJECTS

Tens of thousands of Canada's food producers have enlisted and gone to the front. It is only fair to them that their home work shall be kept up as far as possible. The Empire needs all the food that we can produce in 1916.

Arbour Day

The Provincial Government has proclaimed that Friday, May 12th., shall be observed as Arbour Day throughout the Province of Alberta.

Henceforth the day has not been observed to the extent which its importance warrants. Recognition of Arbour Day has generally been confined to rural schools and in some cases a few of the city schools. This is not sufficient however. The observance of Arbour Day should be general. There is need in every part of Canada, particularly the prairie provinces, for the education and instruction which Arbour Day represents.

Planting and protection of shade trees, the preparation of flower and vegetable gardens and the thorough cleaning up of houses and surroundings should be advertised as special duties for the day. Arbour Day has its justification in the value of trees, from whatever point of view they may be considered.

Nothing contributes so much to make the world a pleasant place to live in as trees.

The true home feeling is not satisfied without the presence of the trees, with their shelter and shade, their beauty of form and leaf, their blossom and fruit and their varying shades with the passing of the seasons and their fullness of color in the autumn days. They also afford homes and shelter for our feathered friends—the birds—during their annual visit to us.

There is nothing which will add beauty and value to a home or a school more than the presence of trees; there is likewise nothing which adds more to the comfort of the pedestrian than shade trees on the road side. This may be long and dusty, but under the cool shade of the trees relief is found.

It is to be hoped, therefore, that everyone will observe the day, that the celebration will be general and not be looked upon as merely a holiday for the school children, that the planting and care of trees and shrubs around school houses, homes, public spaces and by the roadside may have the effect of developing a keener appreciation of the value and beauty of trees; and that in this enlarging the field of Arbour Day activities, greater interest may be created in the day and what it stands for.

Dr. John P. Kerr and Mr. John Gripp have purchased Ford cars this week from Messrs. Peterson and Nalshmith, the local Ford dealers.

In Lighter Vein

A loud crash rent the still and somewhat chilly air on Monday night but the sound did not cause any panic or undue excitement. One of our prominent citizens was trying out his new "McLaughlin." Evidently thinking it was some new kind of war machine he "rammed" McKenzie's Livery Barn with a rear spring.

"Mac" is under the impression that his building was struck by a twelve inch shell.

Another prominent citizen got into mischief the other day. He was cranking his car, when his foot slipped and his chin came in contact with the radiator. Perhaps this should not come under the heading of "Lighter Vein"—it was no joke. Of course it is a Ford story.

"Now, Willie, let's be frank with each other. What must I give you so that you will leave me alone with your sister this evening?"

"I'm sorry, I can't take anything. You see, sister has already made me an offer to hang around."

Harness By Mail Order

The old fashioned method of placing your order for harness and having the local harness maker make it up at his leisure is fast becoming history. The process of evolution demands that we must have a new method.

The development of this western country demands quick service, and competition creates low prices.

Mail order harness houses are springing up like mushrooms—most of them without previous experience. The Great West Saddlery Co., Ltd., the house that produces the "Horse Shoe Brand," the house that has supplied 75 per cent of the farm harness used in Western Canada during the last 20 years, the house that is always abreast with the times, has recently adopted a system of mail order business.

Horse Shoe Brand Goods will always interest you, and prices on their special lines will surprise you. If you have not already received a catalogue ask for particulars from—

Automobile prices are being raised—but the Ford price has Reduced \$120 since war began

The immense Ford cash purchasing power has made it possible to overcome in many ways the serious obstacles met with by other car makers because of the scarcity and advance in prices of raw materials.

The high Ford quality is strictly maintained—and the most exacting government tests have shown that Ford constructive material even exceeds that used in most high grade cars.

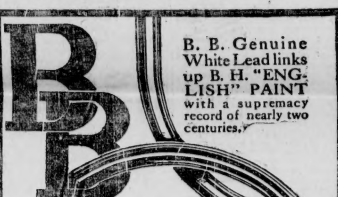

This year the Ford car—always the most economical car to buy and to operate—beats all records for economy.

B. B. Genuine White Lead links up B. H. "ENGLISH" PAINT with a supremacy record of nearly two centuries.

LINKS IN THE B. B. AND B. H. CHAIN

1729 saw the founding of the firm of Brandram Bros., the inventors of the Brandram Process of corrodng White Lead—a process that produces a lead that has been the standard White Lead of the world ever since.

In 1906 after handling Brandram's White Lead for many years, in the Canadian market, the firm of Brandram-Henderson purchased the Brandram Bros. formulae and exclusive rights to manufacture it in Canada.

In 1909 the final link was forged when the firm decided to use B. B. Genuine White Lead in the manufacture of their B. H. "ENGLISH" PAINT and after practical tests and most careful research arrived at an exact formula guaranteed on every can under the President's signature. Thus was the chain completed.

The B. H. "ENGLISH" PAINT formula of 70 units of Brandram's B. B. Genuine White Lead and 30 units of pure White Zinc, in all tints and white with its ironclad guarantee, makes B. H. "ENGLISH" PAINT the Quality-Service-Paint of Canada.

Mr. Frank Eaton of Calgary, spent the latter part of last week in town.

The following gentlemen purchased Ford cars last week from Messrs. Peterson & Naimish, the local dealers:—Messrs. Wm. M. Denton, W. W. Ireland, and E. E. Berg.

Sergeant Harry S. Higgins, of 15th. Battalion, who has been recruiting in this district for the past few weeks, left this morning for Calgary, en route to Medicine Hat. Sergeant Higgins has been most successful in his recruiting work, having secured twenty-five men for his battalion.

Since we published "The Honour Roll" several names omitted have been brought to our notice. There must be many names absent yet and we shall esteem it a favor if such names will be brought to our notice.

WELL DRILLING!

Farmers Take Notice

Since the war commenced prices of Castings, gasoline, and labor have almost doubled. In spite of this fact I will continue to drill wells at my old price until May 1st, 1916.

After that date my price for well drilling will be advanced 50 cents per foot.
